2013 PubWest Book Design Awards Winners Announced

Lake Oswego, Oregon—PubWest, the leading association of small and medium-sized book publishers, has announced the winners of the 2013 Book Design Awards competition. The PubWest Book Design Awards recognizes superior design and outstanding production quality of books, e-books, and book mobile apps in 24 different categories.

The Design Awards winners were judged on typography, jacket/cover design, interior design, format, selection of materials used, and printing and binding production quality.

“You can judge a book by its cover. Publishers and booksellers know that good design helps sell great books. That’s why the PubWest Book Design Awards contest is important to our industry. The contest recognizes the best designed books in North America so that we can celebrate and learn from their success.” Reports PubWest president, Dave Trendler.
